AND VISION IMPAIRED**

**RELEASE FORM
FOR**

STUDENTS WALKING ON AZALEA AVENUE

Policy: Travel along Azalea Avenue is discouraged, due to its hazards.

If Center students insist on walking along Azalea Avenue, they do so against the policy of the Center and at their own risk. They are encouraged to wear reflective vests (available in the dorm office and in the Orientation and Mobility Department) to increase visibility day and evening.

Acknowledgement: I am aware of the above VRCBVI policy which discourages foot travel on Azalea Avenue. This policy has been explained to me, and I am willing to accept the risks involved.
